Caring for your *handcrafted piece*

Hand embroidery, hand-block prints and natural dyes are delicate. A little care keeps them beautiful for years.

First wash
Dry clean, or a gentle hand wash in cold water.

Mild detergent
Use a mild liquid detergent. No bleach, no harsh soaps.

Wash separately
Natural dyes may release a little colour in the first few washes.

Never wring
Gently press out water. Twisting can pull embroidery threads.

Dry in shade
Direct sun fades natural colours. Dry flat or on a hanger indoors.

Iron inside out
Medium heat, on the reverse side, especially over embroidery.

Small variations in colour, print or stitch are the signature of the maker, not a defect. That's what makes your piece one of a kind.

Size not right? Loved your piece? We'd love to hear from you.
